

Saturday

Dear Vicki and Jim,

I hope the interview goes real good and I know it will. At least it is nice to know there are some jobs around.

My sweating is especially bad because I smashed my finger in the car door last Saturday when we were up at the cabin. It is much better now but still sore.

Monday I am going to Yakima to play in the women's prize with Xena. It is a regional tournament and we will come home Wednesday. There will be lots of husbands left alone in Bellingham during that time.

Nike has been busy going to Democratic affairs. He has to make speeches some of the times and Mary often is introduced and asked to stand up and her heart just about stops when that happens.

Good-bucks.

Love, Mom.
